*Special Offer*

WINGS DELPHINIUM GARDEN  
BOX 3380  
PORTLAND, OREGON

# Special Offer

WE DESIRE to express our appreciation for the interest manifested in our splendid strain of Delphiniums. In making again this special offer, we are animated by the desire to make better known this royal flower known as the modern Delphinium.

We will sell seed of our choicest mixed named varieties for \$1 a package. This is the same package for which our regular price is \$2. We make this offer, realizing that all we have to do is to get our Delphiniums known; they will then sell themselves. They are unexcelled for cut flowers.

*This offer is good only as long as the supply of 1928 seed holds out and only in two package lots or more. Cash, checks or money orders must accompany all orders.*

We have embarked in this business of Delphinium specialists and intend to remain so. We began years ago as amateurs and when we found that we could not obtain seed of the highest grade in this country we began to import from Europe, and kept on till we gradually developed a collection of the world's finest Delphiniums. Then it was that we determined to make available to the American flower lover the results of our labors by selling

the seed of our choicest varieties. The offer we now make will enable any one to become the possessor of the finest Delphiniums in existence at a very low cost. Seed of the same quality is now selling at \$5 for the same size package in the East.

During the short time we have been in business we have received a multitude of expressions, both verbal and in writing, of admiration for the beauty and magnificence of our Delphiniums.

The following are extracts from a few of the letters:

Pasadena, Cal., July 29, 1928.

The seeds I bought from you made wonderful plants.

Idaho Springs, Colo., Aug. 2, 1928.

My Delphiniums from your seed bloomed for the first time this year and they are beautiful.

Cincinnati, Ohio, July 24, 1928.

My Delphiniums from your seedlings were so lovely that I am enclosing check for two dozen more.

Cleveland, Ohio, Oct. 6, 1927.

The seedlings bloomed and were so gorgeous that I decided I should prefer two or three such plants to dozens of less choice blossoms.

Sacramento, Cal., Oct. 2, 1928.

The seeds were planted Feb. 25. On Sept. 5 we had the first blossom. Since then all have bloomed and they are the loveliest blossoms I have ever seen.

Lancaster, Ohio, March 31, 1928.

The Delphiniums . . . were perfectly wonderful last summer.

Bridgeville, Pa., Jan. 18, 1928.

Have bought Delphinium seed from you several times and am pleased with results.

Welch, West Va., Jan. 16, 1928.

I planted two packages of your Wrexham strain and had wonderful success in raising the plants.

Springfield, Vt., May 18, 1928.

A friend here had some of your Wrexham strain Delphiniums . . . and they are certainly the most beautiful ones I ever saw . . . so I am sending order with check. . . .

La Fontaine, Ind., May 29, 1928.

I have several plants I have raised from your mixed named varieties. My vase of them took first premium at our flower show and are now very much admired.

Tennant, Cal., July 16, 1928.

Two and one-half years ago I ordered one package of your seed . . . and have 18 fine plants that are now my joy and pride.

Ripplemead, Va., July 17, 1928.

I am so delighted with the beauty and success of my Delphiniums, grown from your seed. . . .

Hyattsville, Md., July 14, 1928.

The seeds I purchased from you last year came 100% and plants average six feet . . . I have recommended your seed. . . .

Sturgeon Bay, Wis., July 20, 1928.

The plants I got from seed purchased from you are in bloom and they are beautiful.
